

PayPal API認証情報の取得手順

July 2019

1. <https://developer.paypal.com/developer/applications>にアクセスしPayPalにログイン

PayPal Developer Docs APIs Support Search

Log in to Dashboard

DASHBOARD

- My Apps & Credentials**
- My Account

SANDBOX

- Accounts
- Notifications
- API Calls
- IPN Simulator
- Webhooks Events

MOCK

- Webhooks Simulator
- Credit Card Generator
- Negative Testing

My Apps & Credentials

Create, edit, and manage multiple PayPal apps. In each app, select the specific PayPal capabilities you want to offer to your customers. Every app gets a unique set of live and sandbox API credentials.

[Non-U.S. developers: read our FAQ.](#)

Developer	Support	Resources	Family
Documentation	FAQ	PayPal Demo	PayPal
APIs	Help Center	Partners	Braintree
Engineering Blog	Technical Support	GitHub	Venmo
	Community	API Status	Paydiant
			Xoom

2. ログイン後の画面で、REST API apps の項目下にある “Create App”をクリック

The screenshot shows the PayPal Developer dashboard. The left sidebar contains navigation links for DASHBOARD, My Apps & Credentials (selected), My Account, SANDBOX, and MOCK. The main content area is titled 'My Apps & Credentials' and features a section for 'REST API apps'. Below this section, a blue 'Create App' button is highlighted with a red rectangular box. A note below the button states: 'Note: Features available for live transactions are listed in your account eligibility.' Below the note, there is a section for 'NVP/SOAP API apps'.

REST API apps

Create an app to receive REST API credentials for testing and live transactions.

App Name	Type	Actions
Create your first app to view it here.		

Create App

Note: Features available for live transactions are listed in your [account eligibility](#).

NVP/SOAP API apps

3. 次の画面で、“App Name”に任意の名前を設定して、“Create App”をクリック

The screenshot shows the PayPal Developer interface for creating a new app. The top navigation bar includes the PayPal Developer logo, links for Docs, APIs, and Support, a search bar, and a dark mode toggle. The left sidebar lists various developer tools under categories like DASHBOARD, My Apps & Credentials, My Account, SANDBOX, and MOCK. The main content area is titled "Create New App" and includes a sub-header "Application Details". The form contains an "App Name" input field, a "Sandbox Business Account" dropdown menu, and a "Create App" button. Red boxes highlight the "App Name" field and the "Create App" button.
